Introduction

The Housing Element presented in this report fulfills the requirements of the *Municipal Land Use Law* (*N.J.S.A.* 40:55D-1 et seq.) and of Section 10 of the *Fair Housing Act* (*N.J.S.A.* 52-27D-301 et seq.). The *Fair Housing Act* provides a framework for New Jersey's municipalities to address their constitutional obligation to provide a reasonable opportunity for the construction of affordable housing meeting the needs of citizens in the region of which the community is located. The Council on Affordable Housing (COAH) is the State agency responsible for the administration of the *Fair Housing Act*.

There has been a substantial departure from the Round 1 and Round 2 COAH methodology as it relates to determining a municipalities fair share of affordable housing. The new Round 3 rules utilize a growth share methodology to determine a municipality's affordable housing obligation, which in addition to the rehabilitation share and prior round obligation comprise a municipality's cumulative fair share obligation.

This report includes the information contained in COAH's Revised Substantive Rules effective October 20, 2008. More specifically this report contains information required by COAH pursuant to N.J.S.A. 5:97-2.3 "Content of a Housing Element" and N.J.S.A. 5:97-3.2 "Content of a Fair Share Plan". These particular elements are outlined below:

"Content of a Housing Element"

(N.J.A.C. 5:97-2.3)

- (a) The Housing Element submitted to the Council shall include:
 - 1. The minimum requirements prescribed by N.J.S.A 52:27D-310;
 - 2. The household projection for the municipality as provided in Appendix F;
 - 3. The employment projection for the municipality as provided in Appendix F;
 - 4. The municipality's prior round obligation (from Appendix C);
 - 5. The municipality's rehabilitation share (from Appendix B); and
 - 6. The projected growth share in accordance with the procedures in N.J.A.C. 5:97-2.4.
- (b) Supporting information to be submitted with the Housing Element shall include:
 - 1. A copy of the most recently adopted municipal zoning ordinance; and
 - 2. A copy of the most up-to date tax maps of the municipality, electronic if available, with legible dimensions.
- (c) The municipality shall submit any other documentation necessary to facilitate the review of the municipal Housing Element as requested by the Council.
- (d) As an alternate to the household and employment projections required by (a)2 and 3 above, a municipality may rely upon its own household and employment growth projections, provided the total growth share resulting from the municipal household and employment

growth projections exceeds the total growth share resulting from the household and employment growth projections provided in Appendix F.

- 1. The alternate projection of the municipality's probable future construction of housing for 15 years covering the period January 1, 2004 through December 31, 2018 shall consider the following minimum information for residential development:
 - i. Certificates of occupancy issued since January 1, 2004;
 - ii. Pending, approved and anticipated applications for development;
 - iii. Historical trends for at least the past 10 years includes certificates of occupancy issued; and
 - Demolition permits issued and projected.
- 2. The alternate projection of the probable future jobs based on the groups outlined in Appendix D for 15 years covering the period January 1, 2004 through December 31, 2018 for the municipality shall consider the following minimum information for nonresidential development:
 - Square footage of new or expanded non-residential development authorized by certificates of occupancy issued since January 1, 2004;
 - ii. Square footage of pending, approved and anticipated applications for development; and
 - iii. Historic trends, of, at least, the past 10 years, which shall include the square footage authorized by certificates of occupancy issued.

As required above the Housing Element submitted to the Council shall include the minimum requirements prescribed by N.J.S.A 52:27D-310. These requirements are as follows:

- An inventory of the Borough's housing stock by age, condition, purchase or rental value, occupancy characteristics and type, including the number of units affordable to low- and moderate-income households and substandard housing capable of being rehabilitated.
- 2. An analysis of the Borough's demographic characteristics including, but not limited to, household size, income level and age.
- 3. An analysis of the existing and probable future employment characteristics of the Borough.
- 4. A determination of the Borough's present and prospective fair share for low- and moderate-income housing and its capacity to accommodate its present and prospective housing needs, including its fair share for low- and moderate-income housing.
- A consideration of the lands that are most appropriate for construction of low- and moderate-income housing and of the existing structures most appropriate for conversion to, or rehabilitation for, low- and moderate-income housing, including a consideration of lands

of developers who have expressed a commitment to provide low- and moderate-income housing.

"Content of a Fair Share Plan" N.J.S.A. 5:97-3.2

Pursuant to §5:97-3.2, a Fair Share Plan describes the completed or proposed mechanisms and funding sources, if applicable, that will be utilized to address a municipality's rehabilitation share, prior round obligation, and growth share obligation. The Fair Share Plan shall include the following:

- 1. Description of any credits intended to address any portion of the fair share obligation, which shall include all information and documentation required by N.J.A.C. 5:97-4 for each type of credit;
- 2. Descriptions of any adjustments to any portion of the fair share obligation, which shall included all information and documentation required by N.J.A.C. 5:97-5 for each adjustment sought;
- 3. Descriptions of any mechanisms intended to address the prior round obligation, the rehabilitation share, and the growth share obligation;
- 4. An implementation schedule that sets forth a detailed timetable that demonstrates a "reasonable opportunity" as defined under N.J.A.C. 5:97-1.4 and a timetable for the submittal of all information and documentation required by N.J.A.C. 5:97-6, based on the following:
 - i. Documentation for mechanisms to address the prior round obligation, the rehabilitation share, and the growth share obligation up to the first Plan review pursuant to N.J.A.C. 5:96-10 shall be submitted at the time of petition;
 - ii. Documentation for zoning for inclusionary development, an accessory apartment program, or a market to affordable program shall be submitted at the time of petition and implemented within 45 days of substantive certification;
 - iii. Documentation for the extension of expiring controls shall be submitted at the time of petition and implemented in accordance with an implementation schedule pursuant to (4 iv) below; and
 - iv. Documentation for all mechanisms not included in (a)4i through iii above shall be submitted according to an implementation schedule, but no later than two years prior to scheduled implementation of the mechanism, and shall consider the economic viability of the mechanisms and the actual growth share obligation that has or will occur as calculated pursuant to N.J.A.C. 5:97-2.5. Pursuant to N.J.A.C. 5:97-2.5(d), the municipality shall comply with the Plan evaluation requirements and shall be subject to the enforcement remedies of N.J.A.C. 5:96-10.4.

- 5. Notwithstanding (a) 4iv above, a municipality with insufficient vacant land that has been granted or is seeking a vacant land adjustment pursuant to N.J.A.C. 5:97-5.1 or a household and employment growth projection adjustment pursuant to N.J.A.C. 5:97-5.6 shall submit all information and documentation required by N.J.A.C. 5:97-6 at the time of petition, unless it meets the requirements of (a)5i and ii below, in which case it shall submit the required information and documentation in accordance with an implementation schedule, but no later than two years prior to scheduled implementation of the mechanism, and shall consider the economic viability of the mechanisms and the actual growth share obligation that has or will occur as calculated pursuant to N.J.A.C. 5:97-2.5. Pursuant to N.J.A.C. 5:97-2.5(d), the municipality shall comply with the Plan evaluation requirements and shall be subject to the enforcement remedies of N.J.A.C. 5:9610.4.
 - i. The municipality demonstrates that the mechanism(s) does not rely upon the availability of vacant land (that is, redevelopment); or
 - ii. The municipality takes appropriate measures to reserve scarce resources that may be essential to implement the mechanisms that rely on the availability of vacant land to address the growth share obligation.
- 6. Draft and/or adopted ordinances necessary for the implementation of the mechanisms designed to satisfy the fair share obligation;
- 7. A demonstration that existing zoning or planned changes in zoning provide adequate capacity to accommodate any proposed inclusionary developments pursuant to N.J.A.C. 5:97-6.4;
- 8. A demonstration of existing or planned water and sewer capacity sufficient to accommodate all proposed mechanisms; and
- 9. A spending Plan pursuant to N.J.A.C. 5:97-8.10, if the municipality maintains or intends to establish an affordable housing trust fund pursuant to N.J.A.C. 5:97-8.

I. Housing Element N.J.A.C. 5:97-2 & N.J.S.A 40:55D-1 et seq.

The following issues and items are addressed as required by N.J.A.C 5:97-2 & N.J.S.A 40:55D-1, and are followed in order from COAH's Petition Application Worksheet.

1. Inventory of Municipality's Housing Stock

Age of Housing

Housing Conditions

Of the 6,437 housing units as reported by the 2000 Census, the majority of these units are in good to excellent condition. This can be documented from the overall low number of units that need to be rehabilitated as determined by COAH standards and the low number of vacant units.

As reported in section B in COAH's 5:97 regulations, 45 housing units need to be rehabilitated. This is only 0.7 % of the Borough's entire housing stock. Documented in the 2000 Census, 91 units are vacant. This is 1.4% of the housing stock.

Purchase or Rental Value

Source: U.S. 2000 Census Summary File 3 / H-62

Utilizing the information provided above we prepared an analysis comparing the residential sale values and rental values to the maximum illustrated sale and rental prices in 2008 as provided by COAH indicate that at least 15 units fall below the maximum sale value of \$126,244 and 2,123 units fall below the maximum rental value of \$1,051. Keeping in mind that sufficient information was not readily available to determine whether or not these units would meet the bedroom distribution requirements. In addition, the data presented by the Census did not exactly correspond to the COAH pricing and therefore the number of units that are less than these requirements may actually be higher. I would also point out that these are market rate units and given the fluctuation in both sale and rental prices there could be a significant difference in prices today as compared to 2000.

The housing structures within the Borough are 98% occupied with, 63% being owner occupied and 37% being renter occupied. These characteristics are similar to other developed municipalities within Bergen County.

Housing Type

Table 5 illustrates that 96% of the lands in the Borough are zoned for residential uses. Of the 96%, 88% is zoned for single family uses. Single family uses, constitute the largest residential type within the Borough. The remaining 8.1% is comprised of garden apartments, two family homes, and townhouses.

■ Employment Status of Residents

The following table shows the most recently available in-place employment data by industry sectors and the number of persons employed in the Borough of New Milford. This data provided is from March to December of 2003. The two private industry sectors with the highest number of employees were the Retail Trade and Wholesale Trade.

4. Determination of Borough's Obligation and Current and, Future Zoning Analysis

As documented in Appendix F of COAH's Substantive 5:97 regulation, the Borough's projected residential and non-residential growth share obligation (GSO) for its fair share low- and moderate-income requirement is 47 units. Based on the applicable adjustments in subtracting affordable housing units in Prior Round Applications in accordance with COAH regulations, the adjusted fair share number is 35 low- and moderate- (l/m) income units. The Borough is requesting an adjustment for its household and employment projections in accordance with section 5:97-5.6. This is based on the lack of developable lands to support future residential and non-residential growth. (Please reference Worksheet C to be included in the Appendix).

The Borough has adequate sewer and infrastructure capacity at this present time to support current residential and non-residential uses and will be able to support any future growth. New Milford has a steady residential base that has in the past and in the future continued to shape the character of the Borough. The zoning permits a variety of residential uses; however single-family residential uses are the most predominant. The proposed new townhouse developments at 1070 River Road, will provide additional multiple-family housing opportunities within the Borough. The existing and future land use patterns should remain stable, as the Borough is a fully developed community, with few remaining vacant developable lands. The Borough does not have any current economic development policies.

There are existing wetlands in the southwest portion of the Borough, near the border of River Edge. NJ Department of Environmental Protection (NJ DEP) has restrictions on the development of lands within wetlands.

5. <u>Consideration of Lands Appropriate for Construction of Low and Moderate Units</u>

The following is a listing of properties that could accommodate affordable housing. Some of these properties received Planning Board and Zoning Board approval, and some are under consideration by the Borough Boards and Council.

TABLE 13
LANDS APPROPRIATE FOR LOW AND MODERATE UNITS

6. Adjustment of Household and Employment Projections

(6B) Work Book C - The Plan Relies on an Adjustment to its household and employment projections

In determining its 2004-2018 growth share obligation, the Borough of New Milford will be requesting an adjustment to COAH's housing and employment projections as contained in Appendix F. Workbook C provided by COAH was used to calculate the projected growth share obligation. This workbook is included in this document within the Appendix. Because of a limited amount of vacant developable land, the Borough of New Milford is requesting an adjustment to its housing projection with applicable reductions from 13.6 units to 0 units and an adjustment in its employment projection from 21.25 to 3.37. The adjustment results in a Growth Share obligation of 3 affordable units.

The steps to measure the adjustment are detailed in Chapter 5:97-5.6

They are:

- 1. Measure actual residential and non-residential growth from January 1, 2004 to the date of the petition. An adjustment may only be sought against the remaining portion of the properties.
- 2. Submit the following documents
 - Existing land use map
 - Tax Map
 - Master Plan
 - Inventory of private and municipal owned vacant parcels
 - Inventory of sites that are devoted to a specific use
 - Transparent overlays
 - Inventory of any areas in the municipality that may develop or redevelop

Actual Residential Growth

Provided in the table below is information from the Borough's Building Department documenting the number of residential certificate of occupancy's (CO's) and demolitions from January 1, 2004 to present.

TABLE 14
ACTUAL RESIDENTIAL GROWTH

	1/20

2006 / Jan Thru December	10	7	3
2007 / Jan Thru December	4	10	-6
January - July 2008	0	5	-5
Total	33	35	-2

Source: New Milford's Building Department

In determining actual growth, a recent amendment to the COAH regulations permit a municipality to exclude from its growth share calculation certificates of occupancy issued for owner-occupied residential structures that have been issued a demolition permit provided, the unit was occupied by its current owner for at least one year prior to the demolition, and no change in use has occurred.

Total non residential generated - 4 low and moderate income units

Actual Non-Residential Demolitions

- There were no non-residential demolitions from 2004 to 2008
- The Borough is not able to exclude any jobs based upon the square feet of non-residential demolitions from 2004 2008

Actual non-residential growth l/m requirements – 4 units

Remaining Portion of Adjustments (Projected Growth - Actual Growth)

■ 47 l/m units (2004 - 2018) - 8 units (2004 - 2008) = 39 units

The Borough is seeking an adjustment from the 39 l/m units projected for its growth from 2008 – 2018.

Vacant Land Analysis (Worksheet C)

As documented in Worksheet C, the Borough has little to no capacity to develop any l/m units, based on the current analysis of vacant lands. As determined in worksheet C, the projected growth is 3 l/m units.

Inventory of areas to be redeveloped

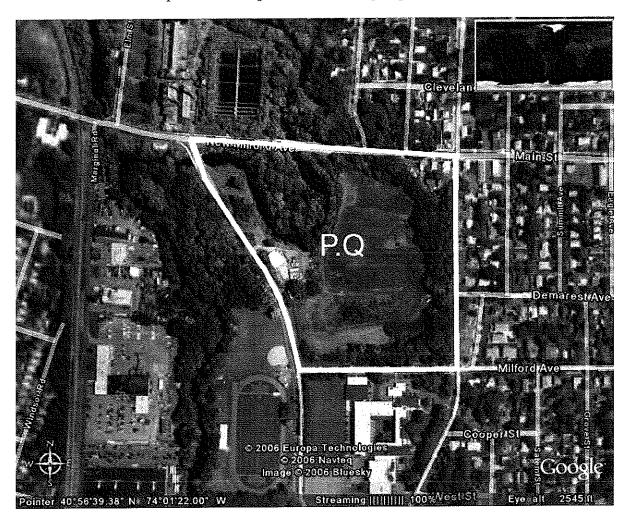

United Water Company has a large tract land located on Block 1309, Lot 1 that has been in discussion for possible redevelopment in the future. The subject property is approximately 16.08

acres. The conceptual design is for 12 units an acre that would calculate to 200 units. The developer would provide 40 l/m units on site in the form of for-sale and rental units.

The Borough of New Milford is committed to purchase development in accordance with the Plan contained herein. In response to the Borough's request, United Water Company is currently implementing reclamation and site development activity on the site. Currently, Department of Environmental Protection (DEP) is monitoring the subject property. There has been no update on the progress of the environmental clean up. As a public utility company, the sale must be reviewed and approved by the New Jersey Watershed Review Board.

When the subject property is ready for development the Borough should create a zoning amendment necessary to provide for the l/m income units.

There are no other developments at this present time with prospective redevelopment potential.

Adjusted Growth Share

The adjusted growth share obligation based on municipal capacity, and as determined by worksheet C is 3 units. The properties listed within worksheet C are in accordance with the procedures documented in N.J.A.C 5:97-2.5(c) and (d). Factoring in the United Water Company, which would yield 40 l/m units, the combined number for projected l/m units from 2008 to 2018 would be 43 l/m units. This is less than the originally projected 49 l/m units. The Borough will base its Plan by providing a realistic opportunity for 43 l/m units, which is inclusive of the actual 8 l/m units required from the actual growth from 2004 to 2008.

II. Fair Share Plan

This section of the report addresses the municipality's total 1987 through 2018 fair share obligation and describes how the municipality will meet its overall obligation. The Fair Share Plan shall be adopted by the Planning Board and endorsed by the Governing Body prior to municipal petition for substantive certification.

The Fair Share Obligation is inclusive of the Borough's rehabilitation share, its prior round obligation (PRO), and its growth share obligation (GSO). The Borough of New Milford has a total obligation including the rehabilitation share, prior round obligation and growth share of 71 units. The 71 units are broken down as follows: Rehabilitation – 5; Prior Round Obligation – 23; Third Round Growth Share – 43. The following table documents these components.

TABLE 17 FAIR SHARE PLAN

Step 1	Rehabilitation Share (2000) + 5
Step 2	Prior Round (1987-1999) Obligation +/- 23
Step 3	Growth Share (2004-2018) (14-year need) + 43
Step 4	Fair Share Obligation (1999- 2018) = 71

^{*} Fair Share Obligation is the sum of Rehabilitation Share (2000), Remaining Prior Round (1987-1999) Obligation, and growth share (2004-2018) calculated as development occurs through ratios.

REHABILITATION SHARE

The rehabilitation share for affordable housing is the number of existing housing units as of April 1, 2000 that are both deficient and occupied by households of low- or moderate-income as determined through the methodology provided in Appendix B, or through a survey of the municipal housing stock conducted in accordance with the provisions of N.J.A.C. 5:97. Each municipality's rehabilitation share is calculated in Appendix B, incorporated herein by reference.

The rehabilitation share for the Borough of New Milford is 45 units. Based on this high number, the Borough has conducted its own survey in accordance with COAH's regulations. Based on the building departments survey there are 5 units that need to be rehabilitated. The documentation for this survey will be provided in the Appendix of the report.

Rehabilitation Compliance

The Borough will pay for any rehabilitation through past, current and future development fees.

PRIOR ROUND OBLIGATION

Pursuant to Section 5:97-1.4 Definitions of COAH's substantive regulations, the "Prior round obligation" (PRO) is defined as the cumulative 1987-1999 fair share obligation, which is referenced for each municipality in Appendix C. The Borough's PRO as determined by COAH is 23 units.

The Borough will address its PRO of 23 units in the following manner

1. 1070 River Road Apartments, Block 104, Lot 18 (Sarna Property)

The 1070 River Road Apartments – is a proposed development containing 38 townhouse residential units located on the west side of River Road, just west of the Borough Hall and within the Townhouse Housing District. River Road is the major arterial road for the Borough of New Milford. The subject property has a lot area of 0.882 acres or 38,419 square feet. The surrounding land uses are predominantly residential. The owner of the property is Sarna Enterprises.

The applicant is proposing to build 4 l/m rental units on site. This application will be eligible for a rental bonus of 4 units.

Total credits towards PRO = 8

2. Center for Family Support

The Center for Family Support is an existing group home with 5 bedrooms that is administered by the NJ Department of Community Affairs (DCA). The group home is located at 777 Boulevard and is identified as block 818, lot 13. The Borough will be eligible to get a credit of 5 units towards its PRO.

• Total credits towards PRO = 5

3. National Institute for People with Disabilities

The National Institute for People with Disabilities is an existing group home with 4 bedrooms that is administered by the NJ Department of Community Affairs (DCA). The group home is located at 131 Grand Street and is identified as block 1503, lot 15. The Borough will eligible for a credit of 4 l/m units.

• Total credits towards PRO = 4

4. United Water Company - Madison Avenue - Block 1309, Lot 1

United Water Company owns a 16.08 acre property identified as Block 1309, Lot 1 in the Borough's tax records. The subject property is located in the northern portion of the Borough along Madison Avenue and New Milford Avenue. It is proposed that this property be rezoned to accommodate 200 residential units of which 40 would be affordable housing units constructed on site. The

Borough would use 4 of these affordable units to address its prior round obligation and the remaining 36 to address its growth share obligation.

Total credits towards PRO = 6

The following table summarizes how the Borough of New Milford will meet its Prior Round Obligation.

TABLE 18
PRIOR ROUND OBLIGATION

(United Water Company) Block 1309, Lot 1	200	6	0	6
Total				23

GROWTH SHARE OBLIGATION

The "growth share" for the period January 1, 2004 through January 1, 2018 is based on COAH's projections provided in Appendix F. Projections of household and employment growth shall be converted into projected growth share affordable housing obligations by applying a ratio of one affordable unit among five residential units projected, plus one affordable unit for every 16 newly created jobs projected. In the alternative a municipality may utilize its own growth projections to calculate growth pursuant to N.J.A.C. 5:97-2.3(d), if the projections exceed the projections in Appendix F. A municipality may also seek an adjustment to the household and employment projections in Appendix F, where insufficient vacant land exists.

In accordance with 5:97-5.6 the Borough has applied for an adjustment of its household and employment projections resulting from the lack of vacant developable land. The projected residential growth in Appendix F is 128 units, and the projected employment growth is 340 jobs from 2004 to 2018. The l/m requirements for this projected residential growth would be 26 l/m units, and 21 l/m units for the employment, for a total of 47 l/m units. Based on the provided information in Worksheet C we have calculated a total adjustment of both residential and non-residential of 43 l/m units.

The Borough will provide a realistic opportunity for 43 low- and moderate-income units, inclusive of the actual growth from 2004 to 2008 to address their adjusted growth share obligation. Of this growth share obligation the Borough will have to provide a minimum of 25% rental units, 50% family units, 13% very low-income units and a maximum of 25% age restricted units. These numbers are displayed in the following table.

TABLE 19 GROWTH SHARE REQUIREMENTS

AFFIRMATIVE MARKETING PLAN

This Affirmative Marketing Plan applies to all developments that contain low- and moderate-income units.

The Affirmative Marketing Plan is a regional marketing strategy designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age or number of children to housing units which are being marketed by a developer/sponsor, municipality and/or designated administrative agency of affordable housing. The Plan addresses the requirements of N.J.A.C. 5:94-7 and N.J.A.C. 5:80-26. In addition, the Plan prohibits discrimination in the sale, rental, financing or other services related to housing on the basis of race, color, sex, affectional or sexual orientation, religion, handicap, age, familial status/size or national origin.

New Milford is in COAH Housing Region 1 consisting of Bergen, Hudson, Passaic and Sussex Counties.

The affirmative marketing program is a continuing program and will meet the following requirements:

- The affirmative marketing process for available affordable units shall begin at least four months prior to expected occupancy. Advertising and outreach shall take place during the first week of the marketing program and each month thereafter until all available units have been leased or sold.
- One advertisement will be published in the following newspapers of general circulation within the housing region:

The Record Ridgewood News

- The advertisement will include the following:
 - o The location of the units;
 - Directions to the housing units;
 - o A range of prices for the housing units;
 - The size, as measured in bedrooms, of the housing units;
 - The maximum income permitted to qualify for the housing units;
 - o The business hours when interested households may obtain an application for a housing unit; and
 - o Application fees, if any.

 One advertisement will be broadcasted on the following regional radio and/or cable television station:

Cablevision of New Jersey

 Additionally, all newspaper articles, announcements and requests for applications for low- and moderate-income housing will appear in the following:

> The Record Ridgewood News

- Applications will be mailed to prospective applicants upon request.
- The following is the location of applications, brochure(s), sign(s), and/or poster(s) used as part
 of the affirmative marketing program:
 - 1. The county administrative building and/or the county library for each county within the housing region;
 - 2. The municipal administrative building(s) and the municipal library;
 - 3. The developer's sales/rental office.
- The following is a list of community and regional organizations that will aid in soliciting lowand moderate-income applicants:

Religious Groups Tenant Organizations Civic Organizations

• The following is a description of the random selection method that will be used to select occupants of low- and moderate-income housing:

Each applicant upon submission of an application will be designated a number. Two categories will be created: one for low-income households and one for moderate-income households. A blind drawing will be undertaken: one each for low- and moderate-income households who are eligible for the specific affordable units.

- A waiting list of all eligible candidates will be maintained in accordance with the provisions contained In N.J.A.C. 5:80-26 et. seq.
- Households who live or work in Housing Region 1 shall be given preference for sales and rental units constructed within this Housing Region. Applicants living outside this Housing

Region will have an equal opportunity for units after regional applicants have been initially serviced.

New Milford is ultimately responsible for administering the affordability controls and the Affirmative Marketing Plan.

New Milford has delegated this responsibility to the Municipal Liaison who shall administer the affordable housing program, including administering and enforcing the affordability controls and this Affirmative Marketing Plan, in accordance with the provisions of Section(s) (not yet determined) of New Milford's (not yet determined) Code, the regulations of the Council of Affordable Housing pursuant to N.J.A.C. 5:94 et. seq. and the New Jersey Uniform Housing Affordability Controls pursuant to N.J.A.C. 5:80-26 et. seq.

Subject to approval of COAH, New Milford may contract with one or more administrative agents to administer some or all of the affordability controls and/or the Affirmative Marketing Plan in accordance with the provisions of Section(s) (not yet determined) of New Milford's (not yet determined) Code, the regulations of the Council on Affordable Housing pursuant to N.J.A.C. 5:94 et. seq. and the New Jersey Uniform Housing Affordability Controls pursuant to N.J.A.C. 5:80-26 et. seq. If New Milford enters into such a contract, the Municipal Liaison shall supervise the contracting administrative agent(s) and shall serve as liaison to the contracting administrative agent(s).

Developers of low- and moderate-income units may assist in the marketing of the affordable units in their respective developments if so designated by the Governing Body of New Milford in accordance with the provisions of Section(s) (not yet determined) of New Milford's (not yet determined) Code, the regulations of the Council on Affordable Housing pursuant to N.J.A.C. 5:94 et. seq. and the New Jersey Uniform Housing Affordability Controls pursuant to N.J.A.C. 5:80-26 et. seq. If New Milford enters into such a contract, the Municipal Liaison shall supervise the contracting administrative agent(s) and shall serve as liaison to the contracting administrative agent(s).

Summary of Adjusted Growth Share Projection Based On Land Capacity

(Introduction to Workbook C)

Municipality Name: New Milford

This workbook contains two separate worksheets to be used for determining the projected Municipal Growth Share Obligation. Worksheet A must be completed by all municipalities. The Worksheet is a tool that allows the user to enter COAH-generated Growth Projections included in Appendix F(2) of the revised Third Round Rules to determine the projected Growth Share Obligation after applying exclusions permitted by N.J.A.C. 5:97–2.4. Municipalities that accept the COAH-generated Growth projections need only use Worksheet A. Click Here to complete Worksheet A.

Municipalities seeking to request a downward adjustment to the COAH-generated growth projections may do so by providing a detailed analysis of municipal land capacity. After completing this analysis, the growth projections may be lowered if the resulting growth share obligation results in a figure that is at least 10 percent lower than the projected Growth Share Obligation that would result from the COAH-generated growth projections. Actual growth must first be determined using the Actual Growth worksheet. A growth projection adjustment may only apply to any remaining growth.

Worksheet A: Growth Share Determination Using Published Data

(Appendix F(2), Allocating Growth To Municipalities)

COAH Growth Projections

Must be used in all submissions

Municipality Name: New Milford

Enter the COAH generated growth projections form Appendix F(2) found at the back of N.J.A.C. 5:97-1 et seq. on Line 1 of this worksheet. Use the Tab at the bottom of this page or the links within the page to toggle to the exclusions portion of this worksheet. After entering all relevant exclusions, toggle back to this page to view the growth share obligation that has been calculated based on COAH's growth projections.

	g.com.	Residential	Re	Non- esidential	
1	Enter Growth Projections From Appendix F(2)*	128		340	
2	Subtract the following Residential Exclusions pursuant to 5:97-2.4(a) from "Exclusions" tab	Click Here	e to enter Prior R Exclusions	ound	
	COs for prior round affordable units built or projected to be built post 1/1/04 Inclusionary Development Supportive/Special Needs Housing Accessory Apartments	. 10 0			
	Municipally Sponsored or 100% Affordable Assisted Living Other	0 0			
	Market Units in Prior Round Inclusionary development built post 1/1/04	50			
3	Subtract the following Non-Residential Exclusions (5:97-2.4(b) Affordable units Associated Jobs	0		0	
4	Net Growth Projection	68		340	
5	Projected Growth Share (Conversion to Affordable Units Divide HH by 5 and Jobs by 16)	13.60	Affordable Units	21.25	Affordable Units
6	Total Projected Growth Sh	are Obligati	on _	25	Affordable Units

Click Here to return to Workbook C Summary

^{*} For Residential Growth, See Appendix F(2), Figure A.1, Housing Units by Municipality. For Non-residential Growth, See Appendix F(2), Figure A.2, Employment by Municipality

Affordable and Market-Rate Units Excluded from Growth

Municipality Name: New Milford

Prior Round Affordable Units NOT included in Inclusionary Developments Built Post 1/1/04

Development Type

Number of COs Issued and/or Projected

Supportive/Special Needs Housing	4. 15 m.
Accessory Apartments	
Municipally Sponsored and 100% Affordable	100 man 125 man
Assisted Living

Ae:

Inspection report to identify homes in need of rehabilitation

Today our Construction Official/ Building Inspector, James Taormina, along with our Property Maintenance Officer, Arthur Castronova did a street by street inspection of the entire Borough, as per your request. The attached report shows their findings of substandard homes located in New Milford, please add this report to our COAH folder. Also enclosed are Mr. Taormina's credentials and licenses.

If anything further is needed please do not hesitate to call or contact me at (201) 967-5044 x 5415, our fax number is (201) 262-1904.

Thank you,

Maria Sapuppo
