NEW BUSINESS:

INTRODUCE ORDINANCE 2017:14

AN ORDINANCE TO AMEND CHAPTER II OF THE REVISED GENERAL ORDINANCES OF THE BOROUGH OF NEW MILFORD ARTICLE VII TO ADD SECTION 2-54C - NO CASH POLICY

Councilman Grotsky made a motion to introduce this ordinance on the first reading. Council President Grant seconded the motion.

Mayor Subrizi stated she feels the exception of \$25 is too low; she suggested \$100. Councilman Grotsky said he spoke with the Tax Collector who advised that most interest payments would be covered by \$25.

The motion carried on a roll call vote as follows:

For the motion: Sirocchi-Hurley, Duffie, Grant, Grotsky, Langschultz

Against the motion: Alonso

In casting his vote, Councilman Alonso commented that there has not been one reported incident of a security breach. He said the safety and security of employees has been stated as the justification for this ordinance. He asked for information, prior to the scheduled adoption, of any incidents on record. He further stated that this policy would be an inconvenience to the residents.

Councilwoman Duffie said there was an incident with another department that involved the misappropriation of a large amount of cash. She said the introduction of this ordinance shows the Council is being proactive and protecting the interests of the Borough and the taxpayers.

Councilman Alonso said steps have been taken to correct the issues in the other department and that incident was a crime created by an employee. He said the justification for this ordinance is a security concern.

PRESENTATION: U9 GIRLS SPRING TRAVEL SOCCER

Councilwoman Langschultz presented certificates to the U9 Girls Spring Travel Soccer team.

1. Library Trees

Mr. Cahill said he has been receiving complaints from residents on Birchwood for the past three years. He said the residents trimmed the trees that back their property, which they are permitted to do. He said those trees now have sun scald which causes the bark to peel from the tree. He said he spoke with the arborist who said this type of tree should not have been planted in this location. Mr. Cahill said he and the arborist agreed the trees should be removed and replaced with arborvitae.

Council President Grant said she had gotten a call from the Library Director when the trees were being taken down. She said there are two rows of sixteen trees each. She said the trees closest to the fence may have sunscald but questioned whether all of the trees should be removed. She said the trees provide shade to the Library parking lot. Council President Grant said she believes the question of whether or not the trees should be removed should be decided by the Shade Tree Commission. She asked Mr. Kelly for his opinion.

Mr. Kelly said that at the last meeting he was proceeding under the assumption that the trees were diseased, damaged or dangerous as outlined in the Borough Ordinance. He said the Shade Tree Commission has jurisdiction over the removal of trees with the exception of as outlined in section 26A-7. He said if the tree is diseased, damaged or dangerous it falls within the Borough's jurisdiction.

Mr. Cahill said he determined the trees are dangerous because they are impacting the residents' quality of life. He said if we remove the first row of trees the second row will eventually get sun scald and will have to be removed as well. He said it would be better to remove them all and replace them with arborvitae and some deciduous trees for shade.

Councilman Grotzky asked for the arborist's opinion. Mr. Cahill said the arborist said that it was not the appropriate tree to plant next to residential properties. He said the arborist's recommendation was to replace the trees with arborvitae. Mr. Cahill said the dry needles are also dangerous because people go to the perimeter of the property to smoke since it is banned on borough fields.

Councilwoman Sirocchi-Hurley asked how many and what types of trees would be planted. Mr. Cahill said he would rely on the recommendation of the arborist as to the number, type and spacing. Councilwoman Sirocchi-Hurley asked if the trees would provide shade to the parking lot. Mr. Cahill said they would.

Mayor Subrizi noted a number of trees had recently been planted in town. She asked if there are still more trees in the Borough's inventory. Mr. Cahill said there are not but that he is in the process of acquiring more trees.

Council President Grant suggested opening the meeting to the public on this matter only. She made a motion to do so. Councilman Grotsky seconded the motion. The motion carried. All present in favor, none opposed.

Gary O'Brien – 273 Birchwood Road. Mr. O'Brien said he has been living at this address for twenty-seven years. He said when the parking lot was put in at the library he was told by the town that the trees were being planted as a buffer between the houses and the parking lot. He said the branches have been trimmed away from the bottom of the trees and they no longer serve as a buffer. He said the trees are diseased, top heavy, and leaning toward the homes behind them. He asked to have the trees removed before something happens.

Robert Obenauer – 269 Birchwood Road. Mr. Obenauer said he bought his house in 2012. He said he is unable to use his swimming pool because the trees rain pine needles. He said it is about the quality of life for the residents in the neighborhood. He said there is no question that the trees are sun damaged. Mr. Obenauer said the trees do not provide a buffer and people sit parked in their cars adjacent to his property. He said his gutters are often completely filled and he incurs additional expense to have them cleaned frequently. He said he spoke with a tree expert who called them "garbage trees." He said they should be removed to save the town from potential legal issues.

Mayor Subrizi asked Mr. O'Brien if he knew when the trees were planted. He said they were planted approximately twenty-five years ago.

Councilwoman Duffie thanked the residents for voicing their concerns. She advised them to contact the police if they witnessed inappropriate behavior near their home.

Council President Grant said she can empathize with the issues raised as she has a few dirty trees in her back yard as well.

Mayor Subrizi acknowledged members of the library staff in attendance and asked if any of them wished to be heard.

Terrie McColl came forward and identified herself as the Library Director and also noted she is a resident of New Milford living at 59 Bulger Avenue. Ms. McColl said that up until now she had not been aware that there had been any complaints. She said the loss of the shade is of concern. She said she is willing to work with the town and the residents to find an amicable solution but the criteria of dead, damaged or diseased should be considered in any decision.

Mr. Kelly said all trees fall within the jurisdiction of the Shade Tree Commission but the Borough retains jurisdiction if the trees are dead, damaged or diseased. He said it is up to the Council to decide if these trees fall within that criteria.

Councilman Alonso said the residents have valid concerns and Mr. Cahill made a compelling presentation. He said he does not believe this needs to be referred to the Shade Tree Commission; there is enough information for the Council to make the decision.

Council President Grant said that she is a tree lover but has changed her position after listening to the comments made tonight. She said it is clear that the trees are diseased or will become diseased so she is in favor of removing them as long as they will be replaced with a sufficient number of trees to provide a buffer and shade. She made a motion to authorize the DPW to remove the trees and replace them as discussed. Councilman Alonso seconded the motion. The motion carried on a roll call vote. All present in favor, none opposed.

Prior to leaving the meeting, Mr. Cahill asked if there were any questions on the change orders for the Police Station. Councilman Grotsky asked about the change order for the sally port. Mr. Cahill said due to a design error there was no gas line into the sally port. He explained that we will negotiate with the architect, engineer and contractor regarding some of the change orders as to whom will bear the responsibility, but they need to be approved so the construction can continue. Councilman Alonso made a motion to approve resolutions 2017:235 through 2017:238. Councilwoman Langschultz seconded the motion. The motion carried on a roll call vote. All present in favor, none opposed.

2. Recreation Director Job Description

The Administrator referenced the job description that had previously been distributed to the Mayor and Council. Councilwoman Langschultz made a motion to approve the job description. Councilwoman Duffie seconded the motion. The motion carried on a roll call vote. All present in favor, none opposed.

Mayor Subrizi asked for a motion to approve the resolutions for the permanent appointment of the Recreation Director and the Assistant Recreation Director.

Councilwoman Langschultz made a motion to approve resolutions 2017:233 and 2017:234. Councilman Alonso seconded the motion. The motion carried on a roll call vote. All present in favor, none opposed.

3. Assistance to Firefighter's Grant Program

Councilwoman Langschultz provided updated numbers for the thirty-three Scott Packs and the upgrade to the filling station. She said the Borough would need to supplement the grant with \$29,698.50 for the packs and \$14,540 for the filling station. She said it would cost \$75,965 for the ten additional packs. She suggested allocating \$45,000 this year for the thirty-three packs and the filling station and budgeting the \$75,000 in 2018 for the remaining ten packs.

Councilwoman Duffie asked how long we have to use the grant. Councilwoman Langschultz said we have one year from the award. Councilwoman Duffie asked if the full amount could be budgeted in 2018. Councilwoman Langschultz said there will be a price increase in 2018. Councilwoman Duffie asked what we should expect in terms of an increase. Lt. Birnbaum said it is unknown; the price is being renegotiated because of the expiration of the state contract.

Councilman Grotsky said the CFO recommended budgeting for it in full in 2018. Councilwoman Langschultz said it does not make sense to not take advantage of the lower price.

Assistant Chief DeCarlo and Lt. Birnbaum came forward to provide additional information. Assistant Chief DeCarlo said the packs have been purchased over the past fifteen to eighteen years and they are compliant based upon the standards in place when they were purchased. He said the bottles have a life of just fifteen years and they have been consistently replaced on a rotating basis. He said the new packs will give the Fire Department the latest technology and will meet NFPA and OSHA standards. He said it would be cost prohibitive to replace the packs every time the standards change.

Councilman Grotsky asked if we are currently compliant. Assistant Chief DeCarlo said that we are. Councilman Grotsky asked if we would still be compliant in January if we did nothing until January. Assistant Chief DeCarlo said we will be four to five months further into the age of the packs and they could fail. He said there is maintenance that needs to be done they all would have to be bench tested at a cost of \$250 per pack.

Councilwoman Langschultz said we allocated \$10,000 in 2017 and will allocate \$10,000 in 2018 for the maintenance of the packs. She said that \$20,000 could be used toward the new packs.

Mayor Subrizi said we should determine whether or not the budget can absorb the \$45,000 now for the thirty-three packs and the filling station.

Lt. Birnbaum said the pricing is based upon the 2016 price. He said that NFPA is expected to come out with new specifications in 2018 which could increase the price and result in the Fire Department having two different types of packs.

Councilman Alonso said there were also a number of free items that were negotiated into the price. He said if we do not purchase the packs now we may not get the additional items.

Councilman Grotsky asked when the price would be good until. Lt. Birnbaum said they would be renegotiating the price in September.

Councilwoman Langschultz made a motion to purchase the thirty-three packs and upgrade the fill station with funding from the capital improvement fund. Councilman Alonso seconded the motion. It was noted that the additional funding for Berkley Field will not be needed until next year so sufficient funding exists in the capital improvement fund. Resolution 2017:239

was added to memorialize the motion. The motion passed on a roll call vote. All present in favor, none opposed.

4. Capital Improvement Fund

Councilwoman Langschultz said what she is proposing is not a five year plan or a debt plan but rather a fiscal stability plan. She said she has been working on it for the past five months with each of the Borough departments. The goal is to draft a plan to grow the capital improvement fund and reduce the Borough debt. She said in order to produce a timeline to eliminate the debt it is necessary to create a base year plan. She said we would treat the capital improvement fund and debt management as one fund and grow it by a certain percentage each year. She said it will take sixteen to twenty years to produce stability, plan for all necessary capital improvements and eliminate debt.

Councilman Grotsky said he had some questions, the first of which about Berkley Field, had been addressed.

Mayor Subrizi reported on a recent meeting with the BOE at which the BOE committed to asking the Board to budget \$30,000 in their next budget for an additional contribution to the Berkley Field rehabilitation.

Councilman Grotsky said he would like to have the Borough auditor attend the next meeting to weigh in on what is being discussed. The Administrator will ask the auditor to attend the next meeting.

5. Police Station – Dedication Plaque

Council President Grant said she thinks the plaque should follow the same format as the Fire Department plaques.

Councilman Alonso said the purpose of a plaque is to commemorate the dedication of a building and to acknowledge those that had direct input and a positive impact on the project.

Councilwoman Duffie said if that is Councilman Alonso's position then we would have to amend the Fire Department plaques. She said the plaques in New Milford and other towns generally include the current administration, the architect and in some cases, the construction company.

Council President Grant made a motion to include the current Mayor and Council, the current Police Chief, the architect and the general contractor. The Administrator asked about the engineer. It was noted that the engineer was not part of the construction at the firehouses. Council President Grant amended the motion to include the engineer. Councilwoman Duffie seconded the motion. The motion carried on a roll call vote as follows:

For the motion: Sirocchi-Hurley, Duffie, Grant, Grotsky

Against the motion: Langschultz, Alonso

In casting her vote, Councilwoman Langschultz commented that it is a shame to remove the names of people who devoted a lot of effort to the project.

In casting his vote, Councilman Alonso echoed Councilwoman Langschultz's comments.

Mayor Subrizi said she feels the Borough Administrator's name should be on the plaque.

Council President Grant made a motion to include the Borough Administrator's name. Councilwoman Duffie seconded the motion. The motion carried on a roll call vote. All present in favor, none opposed.

6. Administrator's Report

The Administrator referenced the request from the Fire Department for the use of the Borough Hall parking lot on October 8th for Fire Awareness Day. She said they have requested 10/15 as a rain date. She has confirmed there will be no issue with the ongoing construction. She asked if there were any objections. There were none.

The Administrator noted the completion of the south parking lot and said employee parking will be reassigned accordingly. She said Council parking will continue to be overlapped with employee parking; there will be no dedicated Council parking during regular business hours.

Councilwoman Langschultz reported that the New Milford Education Foundation's 10K/5K is scheduled for October 28th with a 9:00 AM start. Councilwoman Duffie and Councilwoman Sirocchi-Hurley expressed interest in volunteering.

Councilman Alonso noted the recent Planning Board approval of the NMRA site plan. He said there were a few conditions he asked to include in the approval and they have been included. He said the first was with regard to the storm water retention system. He said the DPW will handle the everyday maintenance and cleaning of the basin on the property deeded to the Borough; NMRA will retain responsibility for the system itself. He said the Borough will provide the developer/owner with an easement to allow for the ongoing maintenance of the system. Councilman Alonso said the other condition was to have the drive aisle, which will provide access to the Borough's portion of the property, constructed at the time that the property is deeded to the Borough.

Councilman Grotsky said he had received complaints with regard to traffic on Ryeside. He said he spoke to the Chief and a sign has been placed at the intersection of Ryeside and Madison to prohibit thru traffic. He said a speed sign has also been placed there and will remain through mid-September. Councilman Grotsky said the traffic bureau has been in contact with the County to request a left-turn signal at Madison and Boulevard; it is being reviewed by the County traffic engineer.

COMMENTS FROM THE PUBLIC

Councilman Alonso made a motion to open the meeting for public comment. Councilwoman Duffie seconded the motion. The motion carried. All present in favor, none opposed.

Edward Kilarjian, 3030 Edwin Avenue, Fort Lee. Mr. Kilarjian stated his doll was kidnapped, complained about the NMPD and said he received a ticket for jaywalking.

Councilman Alonso made a motion to close to the public. Councilwoman Duffie seconded the motion. The motion carried. All present in favor, none opposed.
