OPEN SESSION:

1. Recycling Bid Results

The Administrator reported on the recent bid openings for recycling; residential and the apartments and schools. Two bids were received for both contracts from Ferretti Carting and Miele Sanitation. The Ferretti bids came in as the apparent low bidder for both contracts. The bids were reviewed by the Borough Attorney. Mr. Leibman said both bids comport with the law. The Ferretti bids were both lower which means, by law, the contracts should be awarded to Ferretti Carting. He said the bids were lower in all respects. He said the bids were significantly lower than the other bidder and significantly lower than what the Borough is paying currently. He said the Council needs to decide if they are going to award Option 1 (a one year contract with options to renew for years 2, 3, 4, and 5), Option 2 (a three year contract with options to renew for years 4 and 5), or Option 3 (a five year contract). Mr. Leibman said he would suggest the Council opt for the one year option to allow for it to be bid next year to keep the prices competitive. The Council concurred. Resolutions to award both bids to Ferretti Carting will be drafted for the next meeting.

2. NJOEM Hazard Mitigation Grant Program

The Administrator explained there is a new round of funding through the Hazard Mitigation Grant Program for acquisition or elevation of flood prone homes. She explained it is different than the previous round insomuch as where the previous round of FEMA funding was supplemented by Green Acres funding this round would stand alone and provide just 75% of the cost of acquisition or elevation. The 25% covered by Green Acres previously would be borne by the Borough.

The Administrator said when the initial round of funding was announced approximately forty to forty-five homeowners expressed interest and the Mayor and Council prioritized the list based upon damage claims. The levels, in terms of severity, are substantially damaged, severe repetitive loss (SRL), and repetitive loss (RL). The first five houses were all deemed substantially damaged and were the first to receive funding. At the time there were ten homes that rose to the level of severe repetitive loss and those were prioritized as well so as to be ready should additional funding become available. She said an updated list of SRL and RL homes was recently obtained from FEMA and it now includes approximately forty-two homes classified as SRL and an additional one-hundred or more that are classified RL.

The Administrator asked if the Council is interested in moving forward with an application to either acquire or elevate additional homes with the knowledge that we would only receive 75% of the cost in funding from FEMA. She said if there is interest, a Letter of Intent must be submitted by March 31st. She said the Borough could submit a LOI for all forty-two homes on the SRL list without obligating the Borough in any way. The Council discussed the benefits of both acquisition and elevation and agreed to draft the LOI for the acquisition of all forty-two homes with the understanding that some may ultimately opt for elevation. The Administrator will draft and submit the letter.

3. Tax Assessor Letter – Proposed Revision

Councilwoman Grant said she had proposed some changes to the letter sent by the Assessor. The Assessor had some issues with some of the revisions. Councilwoman Grant will meet with the Assessor to finalize the letter.

4. Fresh & Fancy Farms – Sign/Gate Request

The Mayor said when Fresh and Fancy Farms appeared before the Council at the last meeting the Council requested a detailed plan of the gate being proposed. After the meeting a question arose; if the Council will not approve a gate in any way, shape or form the owner should not be required to go to the expense to provide a detailed plan. The Mayor contacted the owner and asked that he hold off on obtaining the plan. It was noted the proposed gate is in violation of the deed of easement. The Mayor said if the Council is not going to consider a change to the easement the owner should be notified. Council President Duffie said something as important as changing a deed of easement should be discussed by the full Council. The matter was tabled to the April 15th work session.

5. Borough Attorney – January Invoice

Councilwoman Grant said she reviews the bills routinely with the meeting agenda and the Borough Attorney's bill was bigger than she expected it to be. She said it included charges for the use of Westlaw which she felt should be included as part of overhead. Mr. Leibman said he billed exactly what was billed to his office by Westlaw. Councilwoman Grant referenced an entry for 1 ½ hours to pick up an ordinance book; she asked if he included travel time. Mr.

Leibman said if he billed for travel it would be noted as such and stated he met with multiple department heads when he came in for the ordinance book. Council President Duffie asked if he billed for travel. Mr. Leibman said he generally does not for municipal clients but it would be legitimate if he did so.

Councilwoman Grant referenced another entry and said it appeared Mr. Leibman reviewed the meeting agenda twice. Mr. Leibman said the second review was at the meeting.

Councilwoman Grant referenced an entry for a conference with county and local officials. Mr. Leibman billed for 2.7 hours and the meeting was just 1.5 hours. Mr. Leibman said he met with local officials after the meeting with the County.

Councilwoman Grant asked that Mr. Leibman make his entries more specific in the future.

ADMINISTRATOR:

The Administrator referenced a request to schedule the Neurofibromatosis Walk on either 4/27 or 5/4. The Council agreed on May 4th as Arbor Day activities will be taking place on April 27th.

The Administrator reported on the request to hold the Softball Parade on April 14th at 11:45 AM. There was no objection.

The Administrator said she had spoken with the Grants Consultant who advised the Lightning Detection Grant may be eliminated due to sequestration. The determination should be made by April 1st.

The Administrator explained that capital funding had been made in a previous budget for the Borough telephone system upgrade. After the budget was adopted Mid-Bergen received a grant for distribution among member towns. They gave New Milford enough to cover half of the telephone system; the balance of the capital money remains. The Administrator obtained a quote to replace the sound system in the Council Chambers and asked the Council's permission to have the money re-appropriated for this purpose. The Council agreed; the ordinance will be drafted for introduction.

The Administrator reported on the receipt of the Letter of Engagement from Lerch Vinci Higgins for the 2012 LOSAP Audit. She asked for permission to sign on behalf of the Borough. The Council agreed.

The Administrator said she had received a liaison report from Councilman Putrino and asked if anyone wanted to read the report on his behalf. Councilwoman Grant agreed to read the report at the public meeting.

Councilwoman Duffie made a motion to adjourn and reconvene in the Council Chambers. Councilwoman Grant seconded the motion. All present in favor, none opposed.

Mr. Brunetti and his professionals would like to come before the full Council to review what was discussed and to start what could be a five or ten year process. The Council agreed to have them attend the April 15th work session. The Administrator will confirm their availability.

COMMENTS FROM THE PUBLIC

Councilman Robalino made a motion to open to the public. Council President Duffie seconded the motion. All present in favor, none opposed.

Councilwoman Grant said Mr. & Mrs. Scesa were mentioned in an article in the Record back in January. The article was about the closing of the developmental centers and their daughter resides at one of the centers. Councilwoman Grant said she was particularly interested because her sister was born developmentally disabled and her family faced a similar problem. Councilwoman Grant contacted the Scesas and had a letter published in the Record urging New Jersey to keep those centers open. She said she invited the Scesas to attend the meeting to apprise the Council of the current situation.

Louis Scesa – 149 So. Park Drive. He said his daughter is forty-six years old and has resided at the North Jersey Developmental Center in Totowa center for forty-two of those years. He said he was notified last fall that this center and the one in Woodridge would be closed. Another center in Vineland was slated for closure but a Senator asked the Governor to form a task force to look into the closing because it would be detrimental to the employment in that part of the state. The task force was formed and a decision was made to close two; one in Totowa and one in Woodridge. He said this would leave the entire northern part of the state without developmental centers. A total of 700 in both centers would be displaced. The nearest center their daughter could be relocated to is ninety miles away. He said they visit their daughter once or twice per month in addition to emergency visits and that both he and his wife are in their seventies. He said he hopes to have the decision reversed. There are currently two identical bills in Trenton, one out of the Senate and one out of the Assembly asking to form a new task force to revisit the decision. At the present time, the

bills are just sitting and he would like to have the bills moved to the floor, passed and signed by the Governor. The Mayor suggested a resolution of support, the Council unanimously agreed and Councilwoman Grant volunteered to draft the resolution.

John DeSantis – 190 Powell Drive. Mr. DeSantis asked if there was any discussion of moving the Borough's COAH obligation at the meeting with Mr. Brunetti. He was advised that Mr. Brunetti said he would absolutely help the Borough with its COAH obligation. Mr. DeSantis referenced an earlier discussion with regard to the acquisition of flood prone properties and asked if Green Acres funding would be available in subsequent years. He was advised it is determined year to year. He suggested that over the course of thirty years the Borough could end up with the entire riverfront. Mayor Subrizi said a plan that large could collapse under its own weight; it is important to focus on smaller steps in the here and now.

Ulises Cabrera – 659 Columbia Street. Mr. Cabrera said he is glad the town reached out to Mr. Brunetti. He thanked the Council for allocating funds to enclose the pistol range. He said he met with the Shade Tree Commission and emailed the Council as well with regard to a suggestion for the properties being acquired to expand the tree farm. He said the Borough of River Edge and the Riverkeeper would be holding a river clean-up on April 27th. He said it is an annual event and suggested the Environmental Commission should consider holding a similar event. He additionally reported a number of downed trees in the river and asked to have them removed.

Nick D'Amelio – 349 Trensch Drive. Mr. D'Amelio referenced Madison Plaza and said the River Road exit continues to be used as an entrance. He suggested a gate could be installed for pedestrian safety. It was noted the approval granted included a sunshine clause whereby the traffic pattern was to be reviewed after the exit was opened. The approval will be reviewed and appropriate steps will be taken. Council President Duffie suggested an informal traffic study by the traffic officer. Mr. D'Amelio expressed concerns about the truck traffic behind the high school if the Hekemian application before the Zoning Board goes through.

Donna Tomasini – 411 Charles Street. Ms. Tomasini said she witnessed an eighteen-wheeler Shop-Rite vehicle making a left from Charles Street onto Madison Avenue one weekday morning.

In the absence of any further public comment, Council President Duffie made a motion to close to the public. Councilwoman Grant seconded the motion. All present in favor, none opposed.
